**To:** 'bkarels@afc-tech.com'  
**Subject:** permit application

The status had been changed on your application on July 26th, pending a certification of elevation. The area of fill for the structure also needed to be staked, because the wetland will be impacted by the floodplain fill.

I have not heard from you regarding this request for information. Can you give me a status report?

When	Old Status	New Status	Who	Reason
07/26/2016 4:34 PM	Pending Review	Incomplete	Sovde, Becky	Project appears to be in floodplain. A Certificate of Elevation is required prior to permit a fill should be staked to ensure the Wetland Conservation Act allowed wetland impact is
07/08/2016 8:39 AM	Incomplete	Pending Review	Karels, William D.	Auto: Application Finished

Thank you,

Becky
