Eave Back View
(1) - PREHUNGSTE PH32RHSTEE CM-1 6-PANEL STEEL DOOR
(1) - SLIDER (GOOD) 48X36

Building Size: 28 feet wide X 32 feet long X 10 feet high Approximate Peak Height: 16 feet 3 inches (195 inches)

NOTE: Overhead doors may need to be "Wind Code Rated" depending on your building location. Confirm the door requirements with your local zoning official before construction.

Menards-provided material estimates are intended as a general construction aid and have been calculated using typical construction methods. Because of the wide variability in codes and site restrictions, all final plans and material lists must be verified with your local zoning office. Menards is a supplier of construction materials and does not assume liability for design, engineering or the completeness of any material lists provided. Underground electrical, phone and gas lines should be located and marked before your building plans are finalized. Remember to use safety equipment including dust masks and sight and hearing protection during construction to ensure a positive building experience.
