Marissa,

Your Land Use Application# 2018-003723 for a 8' x 16' residence does not have the septic system forms needed to accept the application as complete. A permit for a residence cannot be issued without an approved septic system.

For this reason, the application is being denied and a full refund will be issued. Please re-apply for the permit once you have the septic forms needed.

If you have any questions, please let us know

Thank you,
