Subject: permit application

App# 2019-005052

Jeremy Anderson/RCA Properties:

This message is a reminder that your permit application for a 28'x36' garage was returned to you on September 6th for additional items needed.

You were sent an email from Becky Sovde on August 29th and August 30th outlining additional items needed before a permit can be issued for the garage. To summarize, the boat house has an outstanding violation that needs to be brought into compliance and an elevation certificate is needed to determine if the proposed garage will be out of the floodplain.

Our office has not received an elevation certificate and the boat house has not been brought into compliance. If this is not complete by November 26, 2019, your application will be canceled with a refund and you will have to re-apply.

If you have any questions please let us know.

Thank you,

Shannon Westerlund
