Mr. Fritz,

Our office received your application requesting a permit for a 24'x36' garage on January 19, 2020. On January 27, 2020 you were notified by our office that a travel trailer, deck, and shed have been placed on the property without obtaining the necessary permits and a septic system is also required; you must obtain after-the-fact permits for these items prior to our office issuing a permit for the proposed garage.

After-the-fact permits have not yet been obtained for these items. For this reason, your application for a 24'x36' garage is being denied and a full refund will be credited to your card.

Once you have obtained the necessary after-the-fact permits you may reapply for the garage permit. Should you have any questions please contact Planning & Zoning at 218-927-7342.

Thank you,

Shannon Westerlund
