App# 2020-005573

Mr. Farber,

This message is in regard to your permit request submitted for a 14'x12' shed. Our records show that permit# 37056 was issued for a garage in 2009 which habitable living quarters are not allowed. Information shows that the structure now contains living quarters which is a change/intensification of use and requires a residence permit.

Before a permit can be issued for the shed, you must upgrade the garage with a residence permit. To do so, please start a Land Use Application online here: <https://pzpermit.co.aitkin.mn.us/index.php>
In the application, select New Residence (Include the attached covered porch and lean-to which were added without permits).

If you have any questions please let us know.

Thank you,

Shannon Westerlund
