Shannon,

Thank you for all your help with initiating this application and answering questions. Per our call this morning, I'm requesting the application be removed. Due to circumstances on my side, the project will not be able to move forward.

Thanks again,
Steve Rutz

App# 2020-006059

Hi Steven,

Your permit application for an addition has been reviewed and returned to you for the following information:

- A current septic compliance inspection is needed. The last inspection on file is dated 2015 which is outside of the 3 year window. Attached is a list of inspectors in the area.
- Please enter the square footage of the addition under *Project Type*

The screenshot shows a web form with a dark header titled "Project Type". Below the header, there are three input fields. The first field, "Select Item 1:", has a dropdown menu with "Residence Addition" selected. The second field, "Size of Item 1:", has "0 ft²" entered and is circled in red. The third field, "Select Item 2 (if applicable):", is empty.

To resume your application please click the link below, Log In, then click 'Edit' at the top of the page. Be sure to click 'Finish' at the end to resubmit.
