Hi Kelly,

Your application for a storage container is under review. The FEMA data that we have indicates the location of the container is in the Mississippi Floodway. You will need to relocate the container out of the floodway or get a surveyor to confirm it is not floodway.

Also, the site plan is difficult to read when printed- would you be able to mail the original copy to the address below? Please let me know you have received this email and let us know what you decide moving forward.

Thank you!
