

Lester, Robert & Kim Trustees  
PID: 29-1-427600

New proposed 56' x 34  
house needs to be moved  
to meet 30' bluff setback  
and 10' septic tank setback.

Site Visit 10/13/22  
Contractor will move  
stakes about 5ft to east  
& will then meet all  
setbacks. BA

Top of bluff

Will have to meet  
setback of 30'  
from  
here

General location to where new house needs to be moved to meet bluff 30' setback

The screenshot displays a web-based property sales search interface. At the top, the header includes 'Link Internal' and 'Property Sales Search'. A search bar on the left contains the address '29-1-427600'. The main map area shows an aerial view of a residential area with several lots outlined in red. A red line indicates a 30-foot setback from a bluff, with the number '30'' written in red. A house is visible on one of the lots. The map is overlaid with a grid. On the right side, an 'Advanced Measure' panel is open, showing measurement options. The 'Distance' button is selected, and the unit is set to 'Feet'. The 'Segment (ft):' field is empty, and the 'Total (ft):' field shows '30.60', which is circled in red. Below the measurement fields are checkboxes for 'Show labels while drawing' and 'Toggle measurement labels'. At the bottom of the panel are 'Clear Last' and 'Clear' buttons. The bottom left corner of the map shows coordinates: '93.277 46.747 Degrees'.
