Re: Operating Permit #OP 851  
App-2024-000173  
Parcel # 16-1-090100

Dear Permittee:

Our office is in receipt of the Monitoring and Maintenance Results of your substandard septic system. The results indicate that your septic system is meeting the objectives of the Operating Permit and is reported to be operating and performing as designed. In addition, we are in receipt of a letter from the Service Provider/Inspector, **Ark Septic LLC**. The letter recommends the Operating Permit renewal requirement be removed. Therefore, Aitkin County is **no longer requiring the renewal** of your Operating Permit.

Please be aware that continued good water use management, periodic septic system maintenance and inspection for failure is still the responsibility of the landowner and that this system is not classified as a standard Individual Sewage Treatment System. Your continued diligence will help ensure the longevity and function of the septic system. Aitkin County encourages you to establish a monitoring and maintenance schedule with a qualified professional.

Sincerely,

Aitkin County Planning & Zoning
