Aitkin County Environmental Services,

Septic Check has monitored and maintained the septic system for the property above since 4/18/2011. We recommend that the operating permit renewal requirement be extended to every 5 years. Septic Check will still complete the standard bi-annual maintenance for the property owner.

If Aitkin County has any questions regarding the performance or the results of the maintenance activities, please reach us at 320-983-2447.

Thank you,

Lucas Caldwell
