RE: Operating Permit for Parcel # 07-1-086700

Matthew & Melissa Slyter  
45796 289<sup>th</sup> Lane  
Aitkin, MN 56431

Aitkin County Environmental Services,

Septic Check has installed the upgrade, monitored and maintained the septic system for the property above since 11/9/2022. We recommend that the operating permit renewal requirement be extended to every 5 years. Septic Check will still complete the standard bi-annual maintenance and sample annually for the property owner.

If Aitkin County has any questions regarding the performance or the results of the maintenance activities, please reach us at 320-983-2447.

Thank you,

Lucas Caldwell
