

HOLDING TANK PUMPING SERVICE AGREEMENT PID# 28-0-040600

Permit# _____ Address 23387 180th St. McGrath MN 56350

WHEREAS, Homeowner desires and is required to retain individual sewage treatment system pumping services to Homeowner as necessary and in accordance with the terms and conditions outlined herein.

WHEREAS, Homeowner desires and is required to protect the environment and to obtain a certificate of compliance from Aitkin County.

NOW THEREFORE, in consideration of the mutual promises contained herein, Parties do hereby agree as follows:

1. **TERM.** The term of this Agreement shall be from _____ to final installation of an Aitkin County approved sewage treatment system or connection to a Municipal Sewage Treatment System, unless earlier terminated as provided herein. The parties understand and agree that this Agreement is intended to arrange for the provision of pumping services so that Homeowner may occupy Aitkin County until completion of this Agreement. Homeowner further agrees that at the earliest possible date, Homeowner shall have a permanent sewage treatment system installed in accordance with the Aitkin County Subsurface Sewage Treatment Ordinance and as approved by the Aitkin County Environmental Services Department upon execution of this Agreement. The parties understand that this Agreement is intended to a certificate of pumping services to be issued by the Aitkin County Environmental Services Department upon execution of this Agreement. Homeowner further agrees that at the earliest possible date, Homeowner shall have a permanent sewage treatment system installed in accordance with the Aitkin County Subsurface Sewage Treatment Ordinance and as approved by the Aitkin County Environmental Services Department in accordance with the following:

2. **FREQUENCY OF PUMPING.** Homeowner agrees that he/she shall not allow the holding tank to overflow or discharge in any manner. Contractor and Homeowner agree that the holding tank shall be pumped in accordance with the following:

- Tank size (gal.) 200 / (number of household occupants multiplied by 75 gallons per day)
- Frequency of pumping: or _____ = frequency of pumping;
- Within 24 hours of indication by tank alarm of lack of capacity (applicable only if system has a functional alarm);
- Whenever is greater than _____ = frequency of pumping; or _____ = frequency of pumping;

Contractor agrees to provide pumping services according to the regular pumping schedule or as needed to prevent discharge. Homeowner shall compensate Contractor as agreed by the parties for pumping services rendered.

3. **INSPECTION.** Holding tanks will be inspected by a licensed plumber at the time of servicing for leaks below the operating depth and whether tank tops, riser joints, and connections leak through visual evidence of major defects.

4. **REPORTING.** Greetings of Homeowner or Contractor shall be reported to the Aitkin County Environmental Services Department by Homeowner or Contractor as soon as practicable after discovery of any tank failure that results in the suspension, cancellation or revocation of the holding tank pump agreement, and the homeowner may be required to vacate the premises.
